

GUEST SPEAKERS AT CHURCH . . . The Redondo Beach Church of Christ, 6122 Pacific Coast Hwy., will have several interesting and well-known ministers as guest speakers while their local minister, Dr. Warren S. Jones is away. Jones is being featured as speaker in a series of Bible lessons at the East Valley Church of Christ in Columbia, Tenn., from June 11-18.

Varied Program Planned During Pastor's Absence

Dr. Warren S. Jones, minister of the Redondo Beach Church of Christ, 6122 Pacific Coast Hwy., will leave today en route to Columbia, Tenn., where he will be the speaker in a series of Bible lessons. The series will be conducted at the East Valley Church of Christ in Columbia. This will be the fourth such series that Dr. Jones has presented for the East Valley church, the first having been conducted in 1950 when the congregation was first started.

"God is Able," will be the theme Jones will follow for the meetings. The series will begin Sunday and continue through June 18. The Redondo Beach Church of Christ has selected several interesting and well-known ministers as guest speakers during the absence of their local minister.

DR. SIDNEY ALLEN will conduct the adult Bible class and deliver the sermon for the 10:50 a.m. worship service Sunday. Sunday evening the Redondo church will be host to a group of young people from 20 congregations in the greater Los Angeles area. Speaking at the 6:30 p.m. service will be Dr. Lloyd D. Frasier.

Dr. Allen, a graduate of Abilene Christian College, received his doctorate from Texas A&M, and is presently a biology instructor at Pepperdine College. Dr. Allen, who will be leaving for Korea in the near future as a self-supporting missionary, is currently engaged in studies preparing for his work in that country. The Allens will be working with Mrs. Allen's brother, Haskell Chessir, who has been in Korea for some time. The family resides in Southwest Los Angeles, and Dr. Allen teaches a Bible class at the Inglewood Church of Christ.

DR. FRASIER, head of the Chemistry Department at George Pepperdine College, received his doctorate from the University of California at Berkeley, and was a professor of chemistry at Georgia Tech for 10 years before coming to Pepperdine three years ago.

A group of 200 young people from congregations in the greater southwest Los Angeles area are expected Sunday evening to hear Dr. Frasier's sermon, "Science and the Scriptures," and to attend a "Singing" planned for them after the evening service.
